

NH-PCMS BULLETIN: NOVEMBER 03, 2020

Everyone was welcome and an attentive group of physicians accepted the invitation to be a part of the Society's Zoom meeting on October 28. For more than a year, we had hoped to fit into **Cristy Page, MD, MPH's** busy schedule. Having her, a Wilmington native, was exciting. Getting to meet and learn from Novant's **Pam Oliver, MD, MPH** was

delightfully educational. Dr. Oliver is from Rocky Mount. The two, along with **Philip Brown, Jr., MD** and **Joseph Pino, MD, MHA**, were able to answer questions about the future of NHRMC as it becomes part of Novant and more a part of UNC. While virtual meetings aren't "the same" as in-person ones, we are thankful that Zoom can bring us together, even if not in the accustomed format.

The evening's agenda included **President Robert Henihan, MD's** announcement of the 2021 proposed slate of Executive Committee members to serve with **2021 President, Dr. Kavita Persaud**, and Committees. The slate was distributed by Email after the meeting. If there are no dissensions, the nominees will be considered duly elected on November 04.

On January first, **Kavita Persaud, MD** will assume Presidency of NH-PCMS. Dr. Persaud has served, well, as a multi-year Board member and Delegate to NCMS Annual Meeting. She is married to **Dr. Sunil Arora. Maya**, their daughter, matriculated at Duke, this year.

LEADERSHIP AT THE STATE LEVEL

Our county society has a rich heritage of service at the State level. In addition to having the current President, you can see, below, that we have two others on the important committee that receives applications for positions on the NCMS Board and makes the selections. If you have interest in future service, let one of our representatives know, now. Past President **Michael Moulton, MD**, has just rotated off the committee and **Dr. Carl Rust, II** has filled many roles in addition to President. Any of these members will be happy to talk with you. **Jugta Kahai, MD** is like one of ours, too, having attended many local meetings and events.
